Returns and Refunds Policy

NRC-RET-004 · effective 1 April 2026 · Northlane Retail Co. - Customer Care Standards Board

Scope of this policy

This policy governs the return, exchange and refund of goods sold by Northlane Retail Co. through the website, the mobile application and company operated stores. It applies to all orders placed on or after the effective date shown above.

Where this policy conflicts with a promotional term shown at the point of sale, the term shown to the customer at checkout prevails.

Standard return window

The standard return window is 15 calendar days from the date of delivery for all categories except Electronics.

Electronics carry a shorter return window of 7 calendar days from the date of delivery, because of the rate of buyer remorse returns in that category.

Apparel and Footwear carry an extended return window of 30 calendar days from the date of delivery.

Platinum tier customers receive an additional 15 calendar days on top of the window that applies to the category.

Condition of returned goods

Goods must be returned unused, with all original tags attached, in the original packaging, and with every accessory and free item that was supplied with them.

A return may be refused at the warehouse if the goods show signs of use beyond reasonable inspection, if tags have been removed, or if serial numbers do not match the dispatch record.

Goods returned without a Return Merchandise Authorisation reference will be refused at the warehouse door and returned to sender at the customer's cost.

Items that cannot be returned

The following are not returnable except where the item is faulty: innerwear and swimwear, pierced jewellery, opened consumables, personalised or engraved goods, and any item marked non returnable on its product page at the time of purchase.

Gift cards and digital vouchers are not returnable or refundable under any circumstances.

Raising a return

A return is raised from the order page in the customer account, or by contacting the care desk. A Return Merchandise Authorisation reference is issued immediately and is valid for 10 calendar days.

Reverse pickup is offered free of charge on all serviceable pin codes. Where reverse pickup is unavailable the customer may self ship and claim shipping costs up to 200 rupees against a receipt.

Two failed reverse pickup attempts close the request. A new Return Merchandise Authorisation must then be raised.

Refund method and timing

Refunds are issued to the original payment method. Prepaid orders are refunded within 5 to 7 business days of the returned goods passing quality check at the warehouse.

Cash on delivery orders are refunded by bank transfer to the account nominated by the customer, within 7 to 10 business days of quality check.

Orders paid by EMI are refunded to the issuing bank, which may take up to two billing cycles to appear on the customer statement. Interest already charged by the bank is not refundable by Northlane.

Where a refund has not appeared after the stated period, the care desk raises a finance trace. A trace takes up to 5 further business days.

Partial refunds

A partial refund of up to 30 percent of the item value may be offered where the customer wishes to keep goods that arrived with cosmetic damage that does not affect function.

A partial refund is offered only with the customer's agreement and is recorded against the ticket with the reason for the reduction.

Exchanges

Exchanges are offered on Apparel and Footwear for a different size or colour of the same article, subject to stock. An exchange does not restart the return window.

Only one exchange is permitted per order line. A second request must be handled as a return and a fresh order.
